Subject : Application for the Post of 3D Animator

Dear Hiring Manager,

I recently came across the 3D Animator position posted on your company's website. I am very interested in this opportunity and believe that my skills and background align well with the requirements of the role. I also read about your commitment to children's health and access to care, and I would be proud to contribute to a team that shares such meaningful values.

My field experience during various assignments has helped me develop both autonomy and a strong attention to detail. Through my studies, I have worked with a variety of software programs, which are listed in my resume. I am proficient in Maya, which I use regularly to create 3D animations. I'm also eager to keep learning and continuously update my knowledge. I am currently improving my skills in Blender and Unreal Engine.

I would be pleased to meet with you to further discuss how my skills align with your needs. Please feel free to contact me by phone or leave a message.

Sincerely,

Vincent Vessadane
